Changes relating to the scheme

The manager of the scheme changed name from Australian Scholarships Group Friendly Society Limited to Futurity Investment Group Limited on 29 November 2019.

While there were no other changes in the reporting period, amendments to the Statement of Investment Policy and Objectives were approved on 17 August 2020 to reflect the name change as well as some minor amendments to the Investment Committee triggers and investment manager selection criteria.

As outlined in the SIPO, due to the minimal total value of funds under management, it is no longer possible to adhere to the permitted Asset Allocation Ranges as outlined in the Rules of the Fund. Both the Statutory Supervisor and APRA (the Australian Regulator) have been notified. A plan is being developed in consultation with APRA to address this issue as part of a broader organisation-wide initiative. Futurity has been aware of this issue for some time and continues to monitor it carefully.

There were no related party transactions during the accounting period.

There have been no other material changes to the governing documents or the terms of the offer (now closed to new investors).
