THE AUSTRALIAN SCHOLARSHIPS GROUP (ASG) OFFERS A RANGE OF PRODUCTS AND SERVICES TO SUPPORT YOU IN PLANNING FOR YOUR EDUCATION.

Education positively shapes lives, it opens doors and provides opportunities to pursue your passions and meet your personal and professional goals. At ASG, we believe that everyone should have access to a good education and the opportunity to explore and nurture their interests and talents.

ABOUT ASG

ASG was established in 1974 by a group of parents passionate about giving their children the best start in life through education.

ASG is a member owned education services provider operating in Australia and New Zealand that helps families plan and save for their children's education.

ASG's members enjoy support through a range of tools and information designed to further academic, social and emotional development. From parenting information to career planning tools, our expanding resources provide expert advice for all ages from early childhood to post-secondary and beyond.

Our education funds allow members to make regular contributions to a tax effective education fund that helps to offset education fees and other related expenses.

ASG is incorporated as an unlisted public company under the Corporations Act 2001 and registered as a friendly society under the Life Insurance Act 1995.

WHY ASG

With approximately \$1.4 billion in funds under management, ASG is the largest provider of education scholarship plans and the second largest friendly society in Australia.

Since our inception, ASG has supported the education journey of more than 551,000 children and more than \$3.1 billion has been returned to members and their children in the form of Education Benefits and scholarship payments.

Our education funds offer a range of options to plan and save for the costs of education. ASG's conservative balanced approach for long term sustainable growth and use of experienced investment managers provides you with peace of mind.

All of our funds are designed to qualify as scholarship plans under Australian taxation law. This is a unique advantage and means that your funds can achieve favourable tax treatment provided they are used for education purposes (see 'What are the tax benefits?' on page 10).

Planning for education is a big responsibility. We are here to make that important task a little easier.

ASG'S LIFELONG EDUCATION FUND

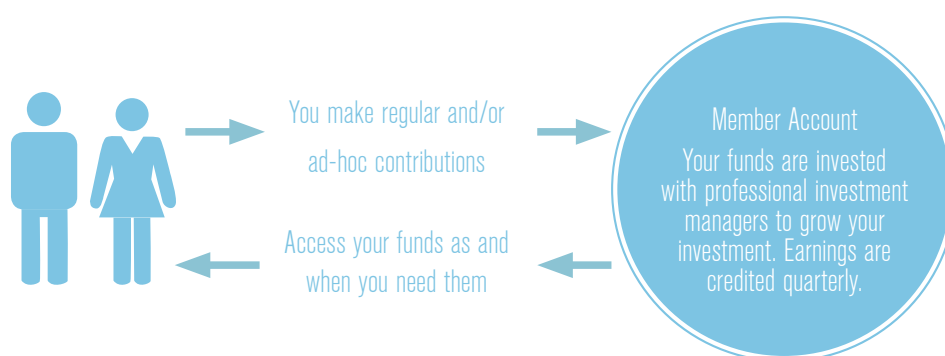

ASG's Lifelong is specifically designed to support you in planning for the cost of your ongoing learning and development, beyond post secondary studies.

The flexibility of Lifelong allows you to determine how much you contribute, how often you contribute, and when you receive your benefit payments.

You can also choose whether to use your benefit payments to support your return to study on a full-time or part-time basis, to help pay for course fees, equipment, or text books, or to help offset your living expenses while you study.

SUMMARY OF HOW LIFELONG WORKS

The Fund is issued by ASG under Rule 65: Pathway Education Fund, a registered benefit fund of its Constitution, and operates with the sole purpose of providing benefits for the education of nominated individuals.

WHO IS LIFELONG SUITABLE FOR?

Anyone can become a member of ASG's Lifelong Education Fund. Members must be aged 16 years or over.

As a member of Lifelong (or in the case of joint membership, the prime member) you will become the nominated beneficiary by default, and as such will be the recipient of Scholarship Plan Benefits paid from the Member Account. You may change the nominated beneficiary to someone else or leave the beneficiary un-nominated when you first enrol, as long as you notify ASG in writing who the nominated beneficiary will be, prior to being eligible to receive any Scholarship Plan Benefits.

This PDS will refer to you as both the prime member and the nominated beneficiary.

CONTRIBUTIONS

Upon joining, ASG will establish a Member Account on your behalf. Any contributions you make will be allocated to this account as will any applicable investment earnings that are generated. A minimum of \$100 is required as an initial contribution to establish your Member Account if you choose to make regular contributions. You can vary the amount, frequency and indexation rate of your regular contributions at any time.

Lifelong offers flexibility to optimise your saving ability in a way that best suits you.

You can contribute to your Member Account in four ways, as shown in the table below.

Ways to contribute	Frequency	Method of contribution
Regular contributions	<ul style="list-style-type: none">- Start from as little as \$100 per month.- Pay bi-monthly, monthly, quarterly, bi-annually or annually.	Payments can be made by direct debit or credit card*.
Ad-hoc contributions	<ul style="list-style-type: none">- You can enrol with a lump sum of \$500 or more.- You can make subsequent ad-hoc payments of \$100 or more.	Payments can be made by BPAY (except at initial enrolment), direct debit or credit card*.
Combination of regular and ad-hoc contributions	You can make ad-hoc contributions in addition to your regular contributions, as described above.	Regular contributions can be made by direct debit or credit card*. Ad-hoc contributions can be made by BPAY (except at initial enrolment), direct debit or credit card*.
Employer contributions	Your employer may arrange to make either regular or ad-hoc contributions subject to the above minimums into your Member Account on your behalf.	Your employer can arrange for payments to be made directly to ASG.

Contributions are not subject to GST

*Credit card fees apply

HOW DO I HELP OFFSET THE RISK OF RISING COSTS OF EDUCATION?

Over the past decade, the cost of education - like the general cost of living - has risen each year. *

To help offset the risk that the costs of education may continue to rise, you can automatically increase (index) your regular contributions each year by up to 25 per cent of the previous year's contributions. You can specify the indexation percentage (from zero to 25 per cent) at enrolment and change it at any time to suit your needs. Indexation will apply from the next anniversary of the date you made the initial contribution.

By not specifying an indexation rate there is an increased risk that the rate of increase in the cost of education may exceed investment returns. As such ASG will apply a default indexation rate of 5 per cent.

You can vary the amount, frequency and indexation rate of your regular contributions at any time.

* Based on data sourced from the Australian Bureau of Statistics (Consumer Price Index, Australia)

WHAT IS THE MAXIMUM AMOUNT OF CONTRIBUTIONS I CAN MAKE?

You can make contributions up to \$600,000 in total. We review this maximum annually and will advise you of any changes. If you make a contribution that causes you to exceed the \$600,000 maximum, we will return the excess contributions to you.

WHAT IS THE MINIMUM AMOUNT I CAN HAVE IN MY ACCOUNT?

Your Member Account is subject to a \$2000 minimum account balance. This minimum balance must be achieved within the first two years of enrolment, or we may close your Member Account (see 'Do I need to maintain a minimum account balance?' on page 14 for further details).

ETHICAL INVESTMENT CONSIDERATIONS

ASG is a signatory to the United Nations Global Compact. As such, ASG shall invest with professional investment managers which are signatories to either / or the United Nations Principles for Responsible Investment (UNPRI) and United Nations Global Compact (UN GC) for greater than 90% of ASG's total funds under management. ASG's Investment Policy calls for the use of professional investment managers and provides such managers with broad investment guidelines however recognises that it is not practical to be consulted on each investment decision made by the managers.

ASG actively manages its investments so that it does not intentionally agree to invest in companies that:

- > Create, encourage or perpetuate militarism
- > Engage in the manufacture and/or use of armaments in contravention of the Geneva Convention
- > Unfairly exploit labour
- > Contribute to the inhibition or exploitation of human rights generally
- > Illegally exploit the environment

ASG acknowledges that ethical considerations are somewhat subjective. However, it appreciates that the appointed investment managers take these matters into consideration in selecting, retaining or realising investments, to the extent that they are considered consistent with the investment objectives.

HOW ARE MY CONTRIBUTIONS INVESTED?

The investment strategy of the Fund is to provide market related returns using a combination of investment funds managed by professional investment managers to achieve a conservative balanced risk profile. All investments made are within the asset allocation ranges outlined in the table as required under the rules of the Fund. The investment funds used by ASG provide diversification by investing in defensive assets such as fixed interest securities and cash, as well as growth assets such as equities, property and infrastructure. The asset allocation benchmarks and minimum or maximum asset allocation requirements under the rules of the Fund are as follows:

Investment type	Minimum percentage of funds	Maximum percentage of funds	Benchmark percentage of funds
Australian Shares	0	40	13
International Shares	0	40	19
Property & Infrastructure	0	20	13
Total Growth Assets			45
Mortgage Securities	0	10	0
Australian Fixed Interest	0	70	30
International Fixed Interest	0	70	10
Cash and Deposits at Call	0	100	15
Total Defensive Assets			55
TOTAL ASSETS			100

ASG reserves the right to change the asset allocation at any time within the ranges specified in the table, however we will notify you if the investment strategy materially changes from what is described here.

ASG reserves the right to change investment managers or the underlying investment funds at any time.

ASG's investment approach is outlined in the rules contained within ASG's Constitution (see 'Your rights' on page 16).

WHAT RETURNS DO I GET?

The net investment returns of the Fund are paid by way of a declared rate of return and allocated to each Member Account as investment earnings (known as 'earnings'). The allocation of these earnings is calculated based on the daily balance of the Member Account. The declared rate of return is declared quarterly for each respective quarter (ending in March, June, September and December) on the advice of ASG's actuary and is calculated by taking into account the gross investment returns and the Fund expenses, taxation and any applicable prudential requirements. This means investment earnings (positive or negative) are allocated to individual Member Accounts each quarter.

The quarterly rate of return is normally declared within 30 days from the end of each respective quarter. Once declared it will appear as a transaction in your Member Account with the date of the last day of the applicable quarter.

You will be advised of the rate through an Annual Member Statement. The rate is also published in other ASG publications including the annual report and our member newsletter. You can also monitor your earnings online by visiting www.asg.com.au and logging into your My ASG member account.

In addition, on exit from the Fund you will be entitled to an interim declared rate of return applicable from the start of the quarter to the date of exit.

As investment returns vary year to year, ASG cannot guarantee positive investment returns and may allocate a negative rate of earnings in any particular quarter. Any negative investment returns will be applied against the Member Account and may affect the amount of the Scholarship Plan Benefit and Insurance Bond Benefit paid and the balance in your Member Account generally.

Quarterly Declared Rate of Return

The declared rate of return is applied to the Member Account quarterly. It represents returns after applicable fees and tax.

If earnings are claimed as a Scholarship Plan Benefit, the tax already paid on earnings by ASG is expected to be effectively refunded to the Member Account, thereby increasing the amount paid to you.

Note: Past performance is not a reliable indicator of future performance.

Note: The amount of tax expected to be effectively refunded may be affected if the Fund tax rate changes.

WHEN IS THE MONEY RETURNED TO ME?

ASG recognises that lifelong education costs may arise at various times. To help with this, you can make requests to withdraw funds by logging in to your My ASG member account or contacting us to arrange a manual withdrawal. A manual withdrawal will generally be processed within 10 days.

The minimum amount you can withdraw is \$500.

WHAT DO MY PAYMENTS CONSIST OF?

Payments can consist of net contributions, investment earnings, or a combination of both (depending on what type of Benefit Payment you apply for).

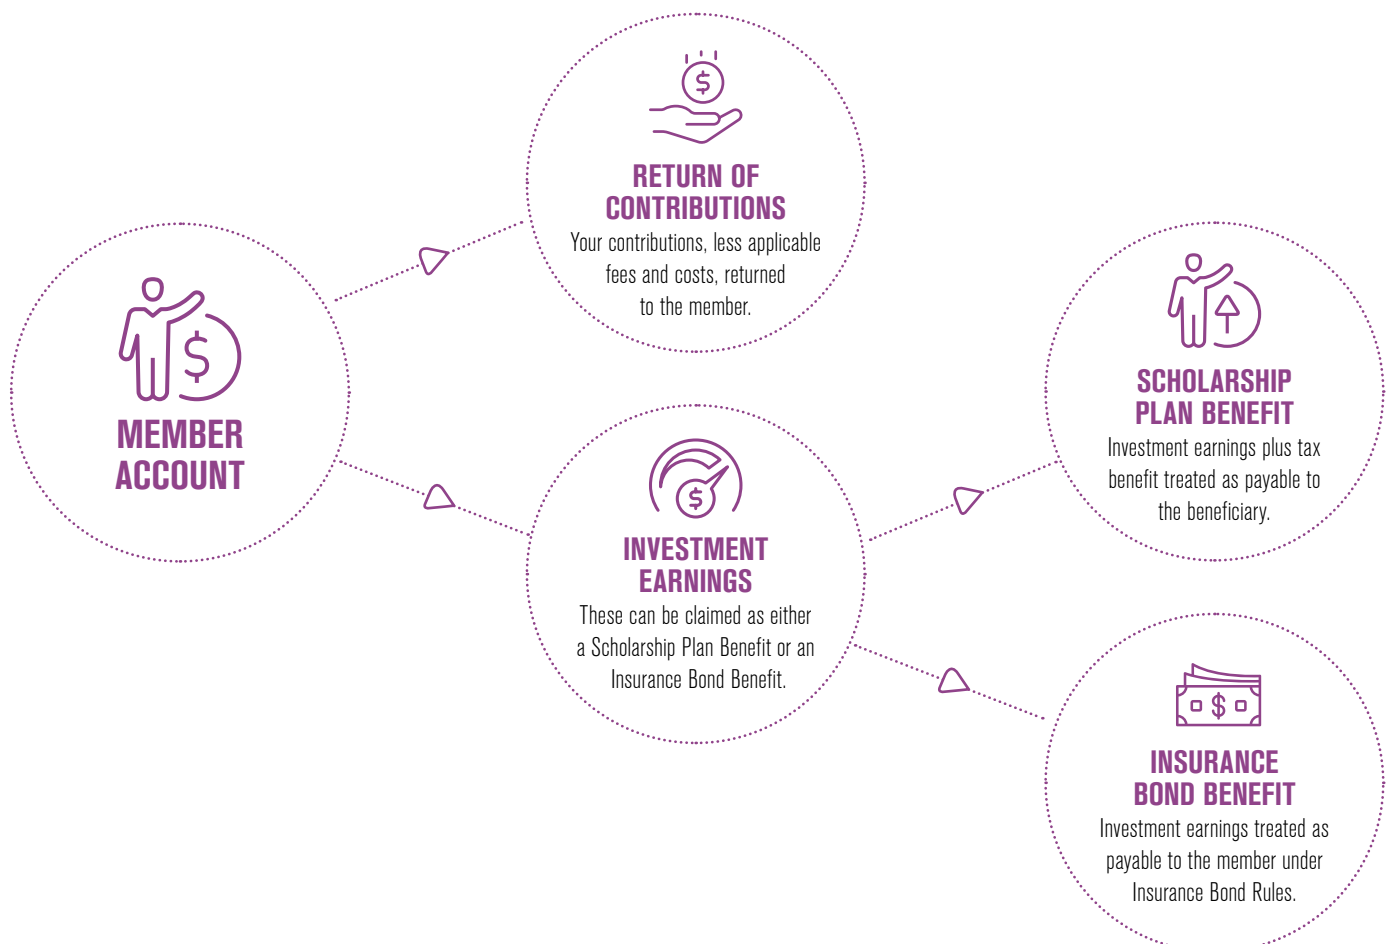

Net contributions - your contributions less applicable fees and costs. This is returned tax-free in the hands of the member. When your net contributions are repaid, they are treated as a Return of Contribution payment and not as a Scholarship Plan Benefit or an Insurance Bond Benefit.

Investment earnings can only be claimed as either a Scholarship Plan Benefit or an Insurance Bond Benefit:

Scholarship Plan Benefit - the amount must be paid from investment earnings and will be increased by a tax benefit. This is because ASG can claim a tax deduction for Scholarship Plan Benefits paid, and it passes this benefit on to the nominated beneficiary. A payment can only be claimed as a Scholarship Plan Benefit if it is for educational related expenses.

Insurance Bond Benefit - the amount must be paid from investment earnings and will not be increased by a tax benefit; however, it may be tax-free in the hands of the member pursuant to the Insurance Bond Rules. An Insurance Bond Benefit may be paid for non-educational purposes.

In determining the best payment breakdown for your personal circumstances, we recommended you consult a financial adviser or tax adviser. For more information on the tax implications please refer to 'What are the tax benefits?' on page 10.

WHAT ARE THE TAX BENEFITS?

Lifelong has been established with the sole purpose of providing benefits for the education of nominated beneficiaries. It qualifies as a scholarship plan under the Income Tax Assessment Act 1997 and is a 'tax-paid' investment. This means that the Fund pays tax on the investment earnings of your contributions, at the current tax rate of 30 per cent.

The Fund tax rate may change from time to time. We will notify you of any changes that may impact your benefits.

The main tax benefits are as follows:

- » You are not required to report and pay tax at an individual level on the ongoing investment earnings until you withdraw them. This tax feature may attract flow-on benefits by not increasing your personal taxable income.
- » You can access your net contributions (your contributions less applicable fees and costs) without having to pay any tax on the net contributions.
- » Investment earnings are paid either as a Scholarship Plan Benefit or as an Insurance Bond Benefit, depending on your claim and whether it meets the Scholarship Plan Benefits criteria. Each type of Benefit paid has different tax implications. We recommend you consider speaking to a financial adviser or a tax adviser, prior to making a claim.

If you withdraw your earnings as a Scholarship Plan Benefit:

- » the amount paid will be increased by a tax benefit. This is because ASG can claim a tax deduction for Scholarship Plan Benefits paid, and passes the value of successful tax claims on to you.
- » the earnings including the tax benefit will be taxed at your marginal tax rate.
- » You may not have to pay any personal tax on the amount received, especially if you are aged 18 years or over (by the end of the tax year) and report taxable income less than the effective tax free threshold.* If you are aged under 18 years, a much lower tax free threshold* generally applies.

*See the Australian Taxation Office (ATO) website for more information on individual income tax rates and the tax free thresholds: www.ato.gov.au.

If you withdraw your earnings as an Insurance Bond Benefit:

- » they are subject to Insurance Bond Rules. ASG cannot claim a tax deduction for these payments, so the benefit amount remains at its tax-paid value.

- » if you maintain your account for over 10 years from the date of the initial contribution, there is no personal tax payable on any withdrawals made after this time. This is because earnings on the initial contribution and all subsequent contributions will be tax-paid to the member. This is subject to the 125 per cent rule as defined on page 21 (see the fact sheet 'Tax and the Pathway Education Fund' available at www.asg.com.au).
- » if you make a withdrawal within 10 years from the date of the initial contribution, some or all of the earnings component of your withdrawal could be included in your assessable income for tax purposes (see the fact sheet 'Tax and the Pathway Education Fund' available at www.asg.com.au). However, under present tax rules, you will also receive a 30 per cent tax offset for any assessable component.

Note:

If a payment is made due to any of the following reasons, it will be received on a tax paid basis and the amount received is tax free in your hands:

- death, accident, serious illness or other disability of a nominated beneficiary or you (as the member), or unforeseen serious financial difficulties affecting you (as the member).

This is general information only and does not take into account your personal financial circumstances or needs and we suggest you consider speaking to a financial adviser or tax adviser.

What is a Scholarship Plan Benefit?

A Scholarship Plan Benefit is an education related payment made from your investment earnings for the benefit of your nominated beneficiary. You can make a claim for education expenses where they relate to or have been incurred for an education or training program that meets ASG's Scholarship Plan Benefit criteria (see page 11).

For more information please see the fact sheet 'Tax and the Pathway Education Fund' available at www.asg.com.au

What is an Insurance Bond Benefit?

Insurance Bond Rules are special tax rules that apply to insurance bonds (including certain savings plans such as Lifelong), when benefits other than Scholarship Plan Benefits are paid. They are therefore applicable to earnings you withdraw that do not qualify as a Scholarship Plan Benefit.

For more information please see the fact sheet 'Tax and the Pathway Education Fund' available at www.asg.com.au

You must submit relevant evidence at the time of your request, to show that the funds are being used for valid education related expenses.

All full-time and part-time studies recognised by state, territory and federal education departments qualify. Study may be taken in Australia or overseas (in which case recognition by an equivalent overseas government education department will also be accepted).

- » Preschool

Any higher education course that is eligible to receive HEGS or HELP support from the Australian government is eligible.

Expenses

Expenses can be claimed in relation to the completion of any course that meets ASG's Scholarship Plan Benefit criteria, where the expenses are a requirement of completing the course, e.g. claiming an accounting text book when you are completing an accounting degree.

FEES AND OTHER COSTS

This section shows fees and other costs that you will be charged. These fees and costs will be deducted from your Member Account, from the returns on your investment or from the Fund assets as a whole. You should read all the information about fees and costs because it is important to understand their impact on your Member Account.

Type of fee or cost	Amount	How and when paid
Fees when your money moves in or out of your Member Account		
Joining fee The fee to join ASG as a member.	\$89 for new members. Nil for existing ASG members.	A separate one off fee per membership, payable upon joining.

Indirect investment management costs The fees and costs charged by underlying investment managers utilised by ASG in managing some assets of the Fund.	This cost varies from time to time and ranges between 0.00% to 0.50% p.a depending upon the investment managers in place. With the current investment managers in place, this cost is approximately 0.33% p.a.	Calculated and charged in accordance with the rules of the underlying investment products utilised by ASG. Fees are deducted from the investment earnings paid by the underlying investment managers.

Note:

The above fees are currently not subject to GST

*During each of the first two years of enrolment, if the value of the annual Administration Fee is greater than the sum of the quarterly declared rates of return for that year, then a rebate of the difference will be applied to your account up to the amount of the Administration Fee charged for that year.

ADDITIONAL EXPLANATION OF FEES AND COSTS

In addition to the fees and costs outlined in the fees table, the rules for the Fund permit ASG to reimburse itself from the Fund for the following expenses:

ASG has determined that the Direct expenses, excluding the indirect investment management costs, will be met from the management costs, rather than reimbursed from the Fund (as permitted under the rules of the Fund). These costs will not be an additional cost to you.

Dishonour fees

Where a contribution is dishonoured, ASG retains the right to reimburse itself from a Member Account, the fee payable by ASG. As the dishonour fees vary depending on the bank(s) involved, ASG will pass on the actual cost or expense incurred to the relevant Member Account.

Merchant fees for credit card transactions

Where you choose to make your contributions by credit card, ASG will charge you 0.66 per cent of the transaction amount. This fee is charged on a cost recovery basis and reflects the amount payable by ASG to cover the cost of merchant fees in offering this service. Only credit card payments from VISA or MasterCard are accepted.

CHANGES TO FEES AND COSTS

The fees and costs that you will be charged are as disclosed on the previous page. If we choose to increase any of these fees and costs or introduce new fees at our discretion and in accordance with the rules of the Fund, we will advise you with no less than two months' notice in writing of the changes.

The Fund rules provide as follows:

- (i) a maximum enrolment fee of \$250 per enrolment may be charged by ASG. This is called the 'Joining Fee', included in the fees and costs table on page 12.
- (ii) a maximum administration fee of \$150 per annum may be charged by ASG.
- (iii) a maximum ongoing management fee of 1.95 per cent of the average balance of the net assets of the Fund for the relevant period may be charged by ASG. This is called the Management cost in this PDS.
- (iv) a maximum fee of \$250 for each payment which can be deducted from a Member Account prior to a partial or full withdrawal. This is called the Withdrawal fee and the Termination fee in this PDS.

ASG reserves the right from time to time to reduce or waive all or part of any fee on terms and at times determined by ASG in its sole discretion. In these circumstances a reduction or waiver is not borne as an expense to the Fund.

FREQUENTLY ASKED QUESTIONS

How can I offset the risk of rising cost of education?

The rate of increase in education costs and expenses may exceed the investment earnings of the Fund. You can manage this risk by indexing your regular contributions (see 'How do I help offset the rising costs of education?' on page 6 for further information).

How do I cancel my Member Account?

You may cancel at any time by notifying ASG in writing. For more information call ASG on 131 ASG (131 274).

What if my plans change?

If your plans change and you no longer require the funds in your Member Account for education reasons, you may cancel your Member Account or leave it open. If you leave your Member Account open you may continue to contribute and make withdrawals for Insurance Bond Benefits (see page 10 for further details).

What do I get if I cancel my Member Account?

You will receive your net contributions plus or minus any investment earnings (whether positive or negative) calculated up to the day your withdrawal is processed by ASG, less any benefits paid out of your Member Account.

What happens when I finish my study?

If you no longer require Lifelong for study purposes you may request a cancellation of your Member Account. Should any funds remain in your Member Account, they will be returned to you. You will receive any net contributions tax free and any investment earnings will be returned to you as an Insurance Bond Benefit for tax purposes (see page 10 for further details).

Alternatively, you may wish to nominate another beneficiary (such as a spouse) or leave your Member Account open. If you leave your Member Account open you may continue to contribute and make withdrawals for Insurance Bond Benefits (see page 10 for further details).

Can I alter my contributions?

You can change the amount, frequency and indexation rate of your contributions at any time, as well as your payment method. You must notify ASG of any changes to your contribution arrangements. If you need to suspend your regular contributions, you can do so for an indefinite period by notifying us in writing. You can begin recontributing any time.

However, you may wish to consider any implications under the 125 per cent rule before making a decision on suspending contributions. See the tax fact sheet 'Tax and the Pathway Education Fund' available at www.asg.com.au.

Do I need to maintain a minimum account balance?

You must maintain a minimum account balance of \$2000. If the minimum balance is not maintained (after the first two years of joining the Fund) and no contributions have been received for a period of 12 months, ASG will then take steps to close your Member Account and return the funds to you. You will receive your residual net contributions tax free and any investment earnings will be returned to you as an Insurance Bond Benefit for tax purposes (see page 10 for further details).

How long does my Member Account stay open?

Your Member Account will stay open until one of the following occurs:

- » 99 years from the date of the initial contribution
- » the account is closed at your request
- » the minimum account balance is not maintained
- » the last surviving member dies
- » the nominated beneficiary dies after the death of the last surviving member.

Should any funds remain in your Member Account at the time of closure they will be returned to you, or in the event of your death, your legal personal representative.

You will receive any residual net contributions tax free and any investment earnings, will be returned to you as an Insurance Bond Benefit, subject to Insurance Bond Rules for tax purposes.

What happens if the taxation rules applicable to ASG change?

Tax benefits under Lifelong (being a scholarship plan) may be affected by any future change to tax law. If this occurs, we will notify you in writing.

Can I use my Member Account as security to borrow or raise money?

You are not permitted to use your Member Account as security to borrow or raise money as this is one of the conditions for the tax concessional status of Lifelong and is also prohibited under Rule 65: Pathway Education Fund of ASG's Constitution, which governs how Lifelong is operated.

What happens if I die or become mentally incapacitated?

In the event of your mental incapacity your Member Account will be administered by your power of attorney or court appointed representative. In the event of your death (or in the case of joint membership, the deaths of both members) your Member Account will transfer to your estate and your executor or administrator will become responsible for administering your Member Account.

In the event of your death (as the prime member) in the case of joint membership, the last surviving member will become the prime member and will become responsible for administering your Member Account.

How does ASG manage investment risks?

ASG actively manages investment risks, however, all investments have some level of risk. In particular, the risks which may affect your investment in this Fund include the following types of investment risks shown in the below table.

Risk type	Explanation
Market risk	<p>Certain events may have a negative effect on the value of all types of investments within a particular market. These events may include changes in economic, social, technological or political conditions, as well as market sentiment.</p> <p>Market risk is managed and monitored by undertaking all activities in accordance with established mandates and investment strategies.</p>
Credit risk	<p>The issuer or party to a transaction may not repay the principal, make interest payments or fulfil other financial obligations in full and/or on time. The market value of an investment can also fall significantly when the perceived risk of this investment increases or its credit rating declines.</p> <p>We deal with creditworthy entities and obtain sufficient collateral where appropriate. Our risk exposure and the credit ratings of entities we deal with are monitored.</p>
Liquidity risk	<p>From time to time, some investments of the Fund may not be easily converted to cash due to market conditions.</p> <p>In managing this risk, we monitor the liabilities of the Fund. We ensure that an appropriate level of liquid assets is maintained together with a buffer for unforeseen demands.</p>
Currency risk	<p>For investments in international assets there is the potential that adverse movements in exchange rates will reduce their Australian dollar value.</p> <p>Exchange rate exposures are managed within approved policy parameters either directly by applicable fund managers or by using an averaging approach to the conversion of foreign currency into Australian dollars.</p>
Investment Manager risk	<p>The investment funds we invest in may not achieve their investment objectives in the short or long term. This could be caused by a number of reasons, for example, the loss of key personnel or economic conditions which do not favour a particular style of investing.</p> <p>We deal with top-tier investment managers which are subject to an approval process and ongoing performance monitoring.</p>
Legal and regulatory (including tax) risk	<p>Changes in legislation and other rules in domestic and foreign markets—including those dealing with taxation, accounting and investments—may adversely impact your investment.</p> <p>We manage this risk by monitoring government policy and lobbying for member needs when required and adapting our investment approach in line with any changes.</p>

MEMBER DIRECT DEBIT REQUEST SERVICE AGREEMENT

Our commitment to you

This section outlines our service commitment to you in respect of the direct debit request (DDR) arrangements made between Australian Scholarships Group Friendly Society Limited Debit User ID 002857 and you. It sets out your rights, our commitment to you, and your responsibilities to us together with where you should go for assistance.

Initial terms of the arrangement

In terms of the DDR arrangements made between us and signed by you, we undertake to periodically debit your nominated account with the agreed amount for payment of contributions as specified in the direct debit form within this document.

Drawing arrangements

- » The first drawing under this direct debit arrangement will occur on the first working day of the month. Subsequent drawings under this arrangement will occur on the first or 15th working day of the month, depending on the member's election.
- » If any drawing falls due on a non-business day, it will be debited to your account on the next business day following the scheduled drawing date. If you are unsure when a drawing date will take place, you may contact ASG on 131 ASG (131 274).
- » We will give you at least 14 days' notice (in writing) when other changes to the initial terms of the arrangement are made. The notice will state what the changes to the initial terms are.
- » Your contributions will automatically increase by the indexation amount you nominated at enrolment—or subsequently nominated during your membership—on the anniversary of your commencement date, unless you contact ASG to notify us that you wish to cease indexation occurring.
- » If you wish to discuss any changes to the initial terms, please contact ASG on 131 ASG (131 274).

YOUR RIGHTS

Changes to the arrangement

If you want to make the following changes to the drawing arrangements, contact us five days prior to the scheduled drawing date:

- » deferring the drawing; or
- » stopping an individual debit; or
- » suspending the DDR; or

- » cancelling the DDR completely; or
- » altering the DDR.

You can request changes to contribution and indexation amounts by contacting ASG.

Enquiries

Direct all enquiries to ASG in the first instance, rather than to your financial institution, and these should be made at least five business days prior to the next scheduled drawing date. All communication addressed to us should include your membership number.

All personal member information held by us will be kept confidential except for information provided to our financial institution to initiate the drawing from your nominated account, or in connection with a claim made on it relating to an alleged incorrect or wrongful debit. (See the Privacy statement on page 17.)

If you wish to notify us in writing about anything to this agreement, you should write to us at:

Australian Scholarships Group
 Post: 23–35 Hanover Street, Oakleigh VIC 3166
 Email: customercare@asg.com.au

We may send notices either electronically to your email address or by ordinary post to the address you have given us. Any notice will be deemed to have been received on the third banking day after emailing or posting.

Disputes

- » If you believe that a drawing has been initiated incorrectly, we encourage you to take the matter up with us directly by contacting ASG on 131 ASG (131 274).
- » If our investigations show that your account has been incorrectly debited, we will arrange for the financial institution to adjust your account accordingly. We will also notify you in writing of the amount by which your account has been adjusted. If, following our investigations we believe on reasonable grounds that your account has been correctly debited, we will respond to your query by providing you with reasons and copies of any evidence for this finding.
- » If we cannot resolve the matter, you can still refer it to your financial institution, which will obtain details from you of the disputed payment and may lodge a claim on your behalf. Your financial institution should respond to you with an answer to your claim:

- » within seven business days (for claims lodged within 12 months of the disputed drawing); or
- » within 30 business days (for claims lodged more than 12 months after the disputed drawing).
- » You will receive a refund of the drawing amount if we cannot substantiate the reason for the drawing.

YOUR COMMITMENT TO US

It is your responsibility to ensure that:

- » your nominated account can accept direct debits as debiting through the Bulk Electronic Clearing System (BECS) is not available on all accounts (your financial institution can confirm this); and
- » on the drawing date there is sufficient cleared funds in the nominated account; and
- » you have checked your account details provided in the Direct Debit Request against a recent statement issued by your financial institution; and
- » you advise us if the nominated account is transferred or closed.

If your drawing is returned or dishonoured by your financial institution, you may be charged a fee/and or interest by your financial institution, and the cost incurred by ASG will be passed on to you, to be debited from your Member Account. If this occurs ASG will notify you that the drawing has been unsuccessful. If your drawing is returned or dishonoured once, your next period's contributions will collect any arrears for the dishonoured contribution, along with your regular contribution. If the second attempt to direct debit your account also dishonours, your direct debit arrangement will be cancelled. You may contact ASG to re-establish your direct debit arrangement or alternatively you can set up a new arrangement.

If any provision of this direct debit request service agreement (DDRSA) is found to be illegal, void or unenforceable for unfairness or any other reason (for example, if a court or other tribunal or authority declares it so), the remaining provisions of this DDSA will continue to apply to the extent possible as if the void or unenforceable provision had never existed.

The definition of PEP also extends to include immediate family members, such as a spouse, de facto partner, child, child's spouse or a parent.
